**RECLAMATION DISTRICT NO. 1608  
RESOLUTION 2024-04**

**RESOLUTION CERTIFYING ASSESSMENTS TO BE COLLECTED  
AND ESTABLISHING A PROCEDURE FOR COLLECTION**

WHEREAS, Reclamation District No. 1608 provides a benefit and service to the land located within the District by the repair, upgrading, maintenance and operation of the reclamation works of the District in that such works serve to prevent the flooding of the land within the District; and

WHEREAS, the revenues received by the District from the County of San Joaquin in accordance with the statutes enacted under Article XIII A of the California Constitution are insufficient to provide the benefits and services which the District is obligated by the California Water Code to provide, and specifically are insufficient to insure proper maintenance of the reclamation works and to provide for emergencies; and

WHEREAS, the District is empowered by sections 51200 et seq. and section 50904 of the California Water Code to fix and collect assessments for the provision of such benefits and services to supplement the revenues received from the County of San Joaquin, and to provide for the collection of such assessments by the San Joaquin County Auditor, and to provide for penalties and procedures in the event of delinquency of payment of such assessments; and

WHEREAS, this Resolution is in compliance with the California Water Code; and

WHEREAS, the District has complied with the procedures of California Constitution Articles XIIC and XIID, and has received a majority vote authorizing the collection of a maximum amount of assessments for each fiscal year commencing fiscal year 2010-2011; and

WHEREAS, the assessments imposed by this Resolution are levied without regard to property valuation;

NOW, THEREFORE, BE IT RESOLVED, AND IT IS HEREBY RESOLVED, by the Board of Trustees of Reclamation District 1608 that:

1. The foregoing recitals are true and correct and this Board so finds and declares.
2. It is the determination of the Board that the benefits and services provided by the District apply to each lot within the District as set forth in the Engineer's Report, dated March 2, 2010, previously approved by this Board, except as specific adjustments have been approved by this Board after hearing.
3. The San Joaquin County Auditor is requested to collect such assessments, as set forth on Exhibit "A" attached hereto.

4. Such assessments shall appear as a separate item on the San Joaquin County Property Tax Bill for fiscal year 2024-2025 and shall be collected at the same time and in the same manner as the San Joaquin County Ad Valorem Property Taxes, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as are provided by law for such County taxes.

5. In the case of all parcels within the District which are owned in common by more than one owner, and which do not have a separate legal entity holding the title thereto, the assessments otherwise applicable thereto shall be paid equally by the common owners.

6. In the case of all Planned Unit Residential Development areas (exclusive of independent recreation facilities, independent common green parcels, and entrance features which shall be billed to the applicable owner's association), assessments established by this Resolution shall be apportioned equally to each residential unit in such areas.

7. The revenue so collected which is necessary for the provisions of said benefits and services, is supplemental to the revenues received by the District from the County of San Joaquin in accordance with the statutes enacted under Article XIII A of the California Constitution and is not in lieu thereof.

8. The President and Secretary of the District are hereby authorized and directed to execute such documents as are necessary to carry out this Resolution.

9. The Engineer and Attorney for the District are hereby authorized and directed to assist the Auditor of San Joaquin County in preparing the rolls to comply with this Resolution, and to bill separately those parcels assessed which do not appear on the rolls.

10. The Secretary of the District is hereby authorized and directed to certify a copy of this Resolution to the Auditor of San Joaquin County.

Good afternoon Mr. Panzer,

Attached is the Participation Agreement with San Joaquin County to update the RD 1608 Flood Safety Plans, as requested by San Joaquin County OES. This effort is fully funded by DWR's Delta Round 3 grant program. Each participating District is allowed \$15k for the update effort.

Also attached is a letter providing an overview of this effort, as well as a more detailed scope of work from KSN to complete this update. The update will **strengthen the Mutual-Aid section and add a new Recovery section in the Emergency Operations Plan.**

The target deadline to return the Participation Agreement Memo is Friday June 30, 2024. However, I've notified the County OES that additional time will be needed. Please give me a call at (209) 623-5040 or email me [eramos@ksninc.com](mailto:eramos@ksninc.com) if you have any questions.

Re: Reclamation District 1608 - Lincoln Village West Flood Safety Plan  
San Joaquin County's Office of Emergency Services Grant – Delta Round 3

Dear Mr. Panzer,

I excited to inform you that San Joaquin County's Office of Emergency Services (San Joaquin OES) has recently secured a grant covering 100% of the Reclamation District 1608 - Lincoln Village West (RD 1608) costs for enhancing their Flood Safety Plans. Reclamation District 773 has been selected as a priority for these updates due to the recent events of 2022-23 flood event. CA Water Code 9650/AB156 requires Flood Safety Plans to be reviewed and reapproved at least once every two (2) years, or after an emergency event.

These updates are recommended for the following reasons:

1. It will satisfy CWC9650/AB156 review and reapproval requirement.
2. RD 1608's Flood Safety Plan needs to reflect event information from the recent 2022-23 highwater event.
3. Section's of RD 1608's Flood Safety Plan will be strengthened with the intent of better positioning the District to pursue state and recovery funding.

The estimated cost for these upgrades is \$15,000, fully refunded through the San Joaquin OES grant. Your approval to move forward with these necessary improvements is required. The County aims to reimburse payments within 4 weeks, upon receipt of an invoice and accompanying deliverable. **To proceed, please sign and return the San Joaquin County OES Participation Agreement Memo attached to this letter by Friday June 30, 2024 if possible. There is flexibility in this date but must be submitted as soon as feasible.**

I am also seeking the authority of the Board of Trustees to undertake the necessary updates and seek reimbursement from San Joaquin OES covering our costs to update the RD 1608 Flood Safety Plan.

Please do not hesitate to contact me, at (209) 623-5040, [eramos@ksninc.com](mailto:eramos@ksninc.com), or Mr. Christopher Neudeck at (209) 481-0316 or [cneudeck@ksninc.com](mailto:cneudeck@ksninc.com).

**MEMORANDUM**

**TO:** San Joaquin County Reclamation Districts  
**FROM:** San Joaquin County OES  
**SUBJECT:** San Joaquin County Office of Emergency Services Delta Flood  
Emergency Response Enhancement Project–Round 3

---

In 2022, reclamation districts submitted letters of commitment to the Department of Water Resources expressing their intention to participate in meetings and workshops facilitated by the San Joaquin County Office of Emergency Services with the aim of receiving funding under the Flood Emergency Response Project Delta Grant.

One of the projects identified under the Work Plan, Task 3, entails providing funding to reimburse Reclamation Districts for the update to both components of the existing Flood Safety Plan, namely the Emergency Operations Plan (EOP) and Flood Contingency Map (FCM). These updates will be tailored to incorporate insights garnered from the Delta-wide Tabletop and Functional Exercise held in August 2022, as well as After-Action items stemming from the 2022-2023 storms.

As we approach the establishment of the Fiscal Year 2024-2025 Budget in June 2024, efforts are underway to determine the commencement date of the projects. OES has allocated funds for the work to commence in July 2024. With the award, OES is poised to provide up to \$15,000 in reimbursement per reclamation district. Deliverables from each reclamation district are expected to be submitted to OES by April 30, 2025, and must comprise of the following components:

- Final Emergency Operations Plan,
- Flood Contingency Map, inclusive of GIS files, and
- Completed OES Invoice Packet.

**Whether or not your Reclamation District intends to proceed with the plan updates, we urge you to *complete the agreement on the back side of this form and return to OES by June 30, 2024.***

Should you have any further inquiries, please do not hesitate to reach out to Lowell Allen or Tiffany Cacho at 209-953-6200.

Please complete the area below and return to OES. This form must be received by OES no later than June 30, 2024.

# Flood Safety Plan Enhancement

---

Kjeldsen, Sinnock and Neudeck, Inc. (KSN) proposes the scope of work described below to support the District in implementation of the Flood Safety Plan Enhancement Project as described below.

## BACKGROUND

In 2022, reclamation districts submitted letters of commitment to the Department of Water Resources (DWR) in support of San Joaquin County Office of Emergency Services, with the aim of receiving funding under the Flood Emergency Response Project Delta Grant – Round 3. San Joaquin County Office of Emergency Services was awarded this funding, and is ready to move forward. The scope below describes the work that can be accomplished with the grant funding allotted to each district.

The task number bellow corresponds to the task numbers in the funding agreement between San Joaquin County and DWR.

## TASK 3 – FLOOD SAFETY PLAN ENHANCEMENTS

In this task, the project team will update flood safety plans for local Levee Maintaining Agencies (LMAs) within San Joaquin County.

Updates will focus on updating both components of the existing Flood Safety Plan:

1. A written **Emergency Operations Plan – Base Plan (EOP)** in accordance with DWR’s Guide to Developing a Flood Safety Plan, that addresses required items outlined in AB 156/Water Code 9650 and FEMA Comprehensive Preparedness Guide (CPG) 101, and
2. The Annex A – Flood, the **Flood Contingency Map (FCM)** which outlines the field flood fight plan.

### Enhance Emergency Operations Plan – Base Plan (EOP)

The first step the project team will first review the Emergency Operations Plan – Base Plan (EOP). The team will hold one information gathering meeting for the written Emergency Response Plan.

This task will focus on updating critical sections of the emergency operations plan to reflect updates since 2015, including findings from 2017 and 2022-23 highwater events.

These critical sections include:

- 2.2.2: Monitoring and Analysis
- 2.2.3: Activation, Alert, and Initial Response
- 3.2.1: Make Legal and Financial Commitments
- 4.2.1: Unified Flood Fight Command, and associated Attachments
- Attachment 3 – Supply Inventory

In addition, the following enhancements will be made to make the EOPs more user-friendly.

- Section 2.2.2: Addition of a gauge map, QR codes, datum information to make it easier for districts to access this information. This will include the addition of field aides to support field actions.
- Section 2.2.3: Include action related to recovery items (i.e. send Initial Damage Estimates to County OES).
- Section 4.2.1: Update procedures for the Unified Flood Fight Command
- Section 6.1: Expand the Mutual Aid section
- Addition of New Section 8 – Recovery and related attachments.

This final written plan will remain consistent with CA Water Code 9650 (AB156) requirements, reflect updates to the FEMA CPG 101 version 3, and reference County-appropriate plans that detail evacuation information including alert and warning, evacuation routes, and coordination with vulnerable populations (healthcare facilities, schools, and care homes).

The final draft will be reviewed in the Confirmation Meeting discussed below.

### Enhance Flood Contingency Maps (FCM)

The second step will be to update the Flood Contingency Map (FCM). During the information gathering meeting, the second half of the meeting will focus shift focus from the EOP to the Flood Contingency Map. This update will focus on gathering the following information:

- Addition of incident locations (seepage, erosion, slips, etc.) that have occurred in 2017, 2019, and 2022-23, and associated response efforts (if any).

- Update the Flood Fight History Text Box to include incidents of 2017, 2019, and 2022-23.
- Update tactical facilities (flood fight supply staging areas)

In addition, the team will also enhance the map by integrating new ICS symbology in maps.

This task will also outline an approved procedure for updates to be made in the future to these flood contingency maps.

A final confirmation meeting will be held to review both the Emergency Operations Plan and Flood Contingency Map. The project team will finalize the EOP and FCM based on comment received during the confirmation meetings.

#### Summary of Meetings:

1. One (1) Information Gathering Meeting to review and update the EOP and FCM
2. One (1) Confirmation Meeting to gather final comments on the EOP and FCM

#### Task 3 Deliverables

1. Meeting Agendas and Sign-in Sheets
2. Final Drafts of the Emergency Operations Plan – Base Plan and Flood Contingency Map in electronic PDF format, as well as one (1) hard copy of each document.

#### **BUDGET**

The budget for this effort will be billed on a time and material basis, not to exceed \$15,000.

#### **SCHEDULE**

The project will be completed by April 30, 2025.
